

# COMPETENT PERSON TRAINING

## COMPETENT PERSON

Every jobsite needs an OSHA-compliant Competent Person. The Competent Person identifies AND eliminates potential fall hazards to promote the highest level of safety on the jobsite. This class is designed for all industries, residential or commercial.

All students will participate in classroom, hands-on instruction, and student-performed exercises that will cover:

- OSHA, ANSI, manufacturer, and all applicable regulations regarding the proper inspection, care, maintenance, storage, and documentation of fall protection equipment
- Heieracy of Fall Protection
- Passive vs. Active Fall Protection systems
- Fall Restraint vs. Fall Arrest criteria
- Fall clearance and swing fall calculations
- Roles and Responsibilites of Authorized/Competent Persons
- Hazard evaluation, indentication, and elimination
- Requirements of Rescue
- Proper Donning of fall proteciton equipment
- Construct and evaluate Fall Protection Hazard Assessments
- Equipment selection, evaluation, and use
- Selection and use of certified and non-certified anchors

... and more!
