

SAFETY MATTERS

Safety Council of Northwest Ohio, 8015 Rinker Pointe Ct., Northwood, OH 43619
www.scnwo.org safetycouncil@scnwo.com (419)662-7777

2018 - 3rd Quarter

64th Annual BWC/Safety Council Awards Ceremony

On May 16th, the Safety Council of Northwest Ohio (SCNWO) recognized area businesses for their achievements in safety. This year, [118 companies](#) were awarded in one or more of the following categories:

Group Award - to company with lowest incident rate in each group

100% Award - to company that works the entire year without a lost-time injury

Achievement Award - to company that decreases its incident rate by at least 25% from the previous year

Special Award - to each company that accumulates at least 500,000 hours and at least six months without a lost-time injury.

The SCNWO would like to once again congratulate all of the recipients and keep being safe in your day-to-day practices!

The Safety Council of Northwest Ohio is Going Social!

In business today, having social media representation is huge. The Safety Council of Northwest Ohio has had a presence for several years and is now focusing on communicating more of our events, helpful articles and general safety matters to our followers.

Please connect with us to follow updates on safety news, upcoming events and other relevant information happening both local and nationwide.

Fore!! It's Almost Here - The SCNWO's 18th Annual Golf Benefit

The 2018 Safety Council Golf Outing is on September 21st at Bedford Hills Golf Course. Our golf outing benefits the Safety Patrol Leadership Camp, which offers students from local schools the opportunity to participate in a 2-day leadership program that promotes safety in and around schools.

We are seeking golfers, sponsors and prize donations for this event:

Sponsorships

- *Hole Sponsorship - \$125.00 per hole
- *Beverage Cart Sponsor - \$350.00 per cart
- *Driving Range Sponsor - \$255.00

Golf

- *Individual - \$70.00 per person
- *Team - \$ 280.00 per team of 4

Sponsorships & Prize Donations – [click here](#) to submit

Golf – [click here](#) to register

Safe + Sound Week, August 13-19, 2018

What Is Safe + Sound Week?

A nationwide event to raise awareness and understanding of the value of safety and health programs that include management leadership, worker participation, and a systematic approach to finding and fixing hazards in workplaces.

Why Participate?

Safe workplaces are sound businesses. Successful safety and health programs can proactively identify and manage workplace hazards before they cause injury or illness, improving sustainability and the bottom line. Participating in Safe + Sound Week can help get your program started or energize an existing one.

Who Is Encouraged to Participate?

Organizations of any size or in any industry looking for an opportunity to show their commitment to safety to workers, customers, the public, or supply chain partners should participate.

How to Participate

Participating in Safe + Sound Week is easy. To get started, select the activities you would like to do at your workplace. You can host an event just for your workers or host a public event to engage your community. Examples of potential activities and tools to help you plan and promote your events are available. After you've completed your events, you can download a certificate and web badge to recognize your organization and your workers.

2018 COSS NEWS & GRADUATES

COSS is a week-long accelerated learning, highly intensive, interactive, demanding, and rigorous course that focuses on providing safety practitioners and individuals, who are responsible for safety, with the tools and techniques they need to make safety work for them and achieve results. The COSS course addresses both General Industry and Construction standards. Further, it addresses the interface that General Industry and Construction have. Graduates earn the professional designation of Certified Occupational Safety Specialist (COSS), along with extensive knowledge in the essential skills and techniques of effective safety and occupational health program management and leadership.

The Safety Council of Northwest Ohio is proud to announce our graduates for the curriculum-based COSS in the first half of 2018:

The Safety Council is Growing

On April 30th, 2018, the Safety Council of Northwest Ohio welcomed Angela Crosby, COSS as the newest member to the staff.

Angela's skill set includes over 10 years of experience in occupational health, workers' compensation, safety and business development. Her energetic personality will suit her well in the role as Environmental, Health & Safety Trainer/Business Development.

Please help us to welcome Angela when you see her at the next SCNWO event.

"PEOPLE DON'T CARE
HOW MUCH YOU KNOW
UNTIL THEY KNOW
HOW MUCH YOU CARE"

Spotlight Member

Dunbar Mechanical Inc. joined the Safety Council of Northwest Ohio (SCNWO) in January of 1996. Since becoming members, they have attended numerous safety trainings, monthly meetings and are actively involved with the SCNWO.

Safety Director, Dan Worstein, COSS, started with the company in 2006. During his tenure, he has worked to create a safety culture which truly emphasizes that **Safety Matters and Safety is Just the Right Thing to Do!** Dan has been proactive in incorporating management involvement into the safety culture at Dunbar Mechanical Inc., which is critical to a successful safety program. Through his persistence, the company recognized a need for additional safety personnel and welcomed Safety Engineer Jim Sibrel, COSS, in 2014.

Dunbar Mechanical Inc. has an exceptional safety record over many years and always strive to make a safer workplace for all. When it comes to safety, the top Five Focuses at Dunbar Mechanical Inc. Include:

- Employee Engagement and Involvement
- Encouraging Working with Professionalism in All Aspects of the Job, Especially Safety!
- Innovative Training/Safety Resources
- Pre-Planning, Advance Hazard Recognition and Communication
- Comprehensive Corrective Actions- Utilizing Enhanced Reporting, Near Misses and Root Causes
