# "For Safety's Sake - Do Something"

SSOE GROUP IS A PROJECT DELIVERY FIRM FOR ARCHITECTURE, ENGINEERING, AND CONSTRUCTION MANAGEMENT.

## Spiders, Bats, and Scary Stats

### When They're on the Prowl

- A responsible adult should accompany young children.
- If your older children are going alone, plan an acceptable route.
- Agree on a specific time children should return home.
- Teach your children never to enter a stranger's home or car.
- Instruct children to stay in familiar, well-lit areas, and stick with friends.
- Tell your children not to eat any treats until they return home.
- Children and adults are reminded to put electrical devices down.
- Watch for children walking on roadways, medians, and curbs.
- Enter and exit driveways and alleys carefully.
- Discourage new, inexperienced drivers from driving on Halloween.

An American is accidentally injured every second and killed every three minutes by a preventable incident - drug overdose, vehicle crash, fall, drowning, etc.

- Age 25 to 34, drug overdoses accounted for 51% of the deaths.

- Age 35 to 44, drug overdoses jump to 53%.

57% of deaths from ages 15 to 24 result from motor vehicles (16 to 19 year olds are 3 times more likely to die from a motor vehicle crash than any others).

Distracted driving accounts for nearly 25% of all motor vehicle fatalities.

One out of four motor vehicle crashes in the US are the result of a cell phone.

Nearly 5,000 workers were killed on the job in 2017 with about 1/5th of them in construction.

Falls accounted for 38% of the fatalities on construction projects.

The top five OSHA violations were for falls, hazard communication, scaffolding, respiratory protection, and lockout tagout.

53% of fatal electrical injuries resulted from work on construction sites.

The total cost of all disabling workplace injuries is just under \$60 billion annually.

Every seven seconds a worker is injured on the job.
