We would love to "highlight" your company's safety accomplishments and more! Share your news with us at memberrelations@scnwo.com.

Flu Season Safety

Influenza, also known as the flu, is a contagious respiratory illness caused by flu viruses. It can cause mild to severe illness, and at times can lead to death. The flu is different from a cold. The flu usually comes on suddenly.

It is estimated that in the United States, each year on average 5% to 20% of the population gets the flu and more than 200,000 people are hospitalized from seasonal flu-related complications. [READ MORE](#)

The OSHA Inspection Process
