

## Northwest Ohio Safety and Health Day

What a success! The hallways were a little cramped at times, but with 385 attendees that is to be expected. Attendees took advantage of the FREE safety and health trainings throughout the day and had the opportunity to visit with several vendors for their safety needs.

### Reframing Event Analysis – Visual Literacy in Incident Investigation

Thursday, May 16, 2019

2:00 PM - 3:00 PM

This forthcoming webinar from COVE will provide an opportunity to:

- Explore the challenges of effective incident investigation and event analysis.
- Consider how changing the orientation of incident investigation/event analysis can significantly improve the quality of the output.
- Look at the two key ways in which Visual Literacy plays a role in understanding safety incidents – their causes, the incident analysis and the corrective actions that need to be considered.
