

CONGRATULATIONS TO OUR 2021 MEMBER OF THE YEAR: HEIDTMAN STEEL PRODUCTS INC.

At this year's Annual Meeting of the Members, held virtually on January 20, 2022, the Safety Council of Northwest Ohio was happy to recognize the 2021 Member of the Year!

HEIDTMAN STEEL PRODUCTS, INC.

Located on Front St. in East Toledo is the corporate offices for the Heidtman Steel Company. Heidtman Steel was established in 1954 and incorporated in 1962 and over the years has grown to include eleven locations in seven different cities in four states. You can find Heidtman Steel facilities in Erie and Monroe, Michigan; Butler and East Chicago, Indiana; Granite City, Illinois; and Delta and Toledo, Ohio. With 470 employees company wide, Heidtman offers a full range of products that includes hot rolled steel, cold rolled steel, galvanized and tubular steel, along with a wide variety of high-quality processing services that include blanking, pickling, slitting, stretcher leveling and cut-to-length, and edging. Heidtman is one of the largest privately held flat-rolled steel service networks in the US. The company processes more than 5 million tons of steel annually.

The steel industry is an extremely hazardous business. Heidtman Steel has placed employee safety as its highest priority and invests substantially every year with the goal of each of their employees going home the same way they come to work.

Congratulations to HEIDTMAN STEEL on being recognized as the Safety Council of Northwest Ohio's Member of the Year.

FEBRUARY and beyond 2022

REMINDER: Each household in the U.S. can now have four free COVID-19 at-home tests shipped directly to their home at no cost!

All you need to do is visit [COVIDtests.gov](https://www.covidtests.gov) and enter your contact information and mailing address.

The tests are rapid antigen "at-home" or "self" tests — not PCR tests which require a lab drop-off. The "at-home" or "self" tests can be taken anywhere and give results within 30 minutes.

SAFETY SHARE

WINTER WEATHER SAFETY
Courtesy of David Varwig

Each season brings unique challenges to the workplace and winter is no different. Slip and fall injuries, over-exertions when shoveling, vehicle accidents, and exposure related injuries all see an increase during the winter.

In fact, there are typically about 20,000 occupational injuries due to snow, ice, and sleet each year.

Outdoor workers shoulder the lion's share of the risk, but even those who work primarily indoors can be exposed when driving or moving from building to building.

Finally, winter weather exposures don't just exist at work, we all experience them at home, when driving, shoveling snow, cleaning a roof, getting to the car, or carrying in groceries.

The **STOP! CHECK IT OUT! S-A-F-E Poster** from MEMIC may be useful as a Winter Safety Moment for the start of a meeting, for a morning start-of-the-workday safety tailgate, or for a regularly scheduled safety meeting -- to help remind your associates of the ongoing risks with winter weather and offer response actions that can help keep everyone safe at work, at home, and in between.
